487

NOTE: I would like to remind members that any lot illustrated in the catalogue or on the website forms part of the description. In addition it would be appreciated that should a member decide to send an acquired lot for expertisation, that upon receipt of the lot we be informed of the fact and to whom the lot is being sent.

For UK members, the preferred method is via **Bank Transfer**, please. Payment by cheque is also acceptable but costs the society money due to new charges recently introduced by the bank.

For non-UK members, the preferred method is via PayPal. You do not need a PayPal account because you can use a credit or debit card via the Paypal web site. (This is by far the simplest and quickest payment method - and for payments under £250 it is usually the cheapest). Members wishing to use this method will receive an email invoice from PayPal.

The only alternatives for members unable or unwilling to use the above process are as follows:-

- a. Obtain a sterling bank draft and send it by mail.
- b. Do a bank transfer (*the society's bank details, IBAN & BIC numbers, etc., available on request*).
- c. Send cash by registered mail.
